Relevance to medical ethics:

Reason for applying for bursary:

What do you expect to gain from your elective?

Proposed budget:

Please specify other grants relevant to your elective which you have received or applied for:

Please provide details of your elective project in the space below using the following five headings (in font size not less than 11 point):

Before completing this section you are strongly advised to refer to the guidelines 'Research methods in medical ethics: IME guidance for Elective Bursary Projects' which is available on the IME website.

What is the aim of your project? What question(s) do you hope to answer?

If you are planning a focused reflection this should focus on specific ethical question(s).

Background of the project

Why do you think this is an important topic? Why do you want to explore it? Use references to support your claims.

Describe the method(s) you will be using

For a focused reflection describe the model of reflection you plan to use and give some details of the ethical analysis you intend to carry out.

What might be the relevance of your findings?

To health care? To the medical ethics debate? To your future career?
